
CU Code
8666-000

Employer
Classification

Offices of Optometrists

Status

By application (non-covered)

Scope

Included are registered optometrists in private practice primarily engaged in examining patients' eyes to determine visual efficiency, prescribing treatment (excluding drugs or surgery), and conserving, improving, and correcting vision. Optometrists may manage patient care in conjunction with other health professionals.

Excluded from this category are optometrists who dispense ophthalmic goods.

For more details on the business activities and application of this CU, see the ECM policy document "Clarification of Health Care Policies", located in the Appendices section.

Cross reference

D-529-04, *Ophthalmic Goods*.
